Subject: action items from 404 assumption briefing with Anne

Shea,

As a follow-up from today's briefing with Anne regarding Florida 404 assumption I am providing the following information:

- <!--[if !supportLists]--><!--[endif]-->Copy of 8/1/2017 letter from ECOS, ACWA and ASWP to the EPA with recommendations about assumable waters under the Clean Water Act section 404.
- <!--[if !supportLists]--><!--[endif]-->Copy of regulatory crosswalk, which we shared with FDEP last week as a tool to assist them with exploring 404 assumption.
- <!--[if !supportLists]--><!--[endif]-->Response to Anne's question about which Region 4 states participated on the FACA Assumable Waters Subcommittee. In fact, no States from the southeast were on the FACA Subcommittee, which was a little surprising to me. For your information, I'm attaching the Subcommittee's report from May 2017, and the members of the Subcommittee are listed on pp. 50-51.

If you have any questions or need any additional information please let me know.
